Preface

The *Fiscal Reference Tables* provide annual data on the financial position of the federal and provincial governments. The data are presented on both a public accounts basis – corresponding to the accounting conventions used to report financial information to the respective legislatures – as well as on a national accounts basis – as prepared by Statistics Canada and the Organization for Economic Co-operation and Development (OECD).

For information or clarification, please call Peter DeVries (613) 996-7397, Fiscal Policy Division, Department of Finance, Ottawa, Ontario, K1A 0G5.

For inquiries about computerization and data base management, please call Richard Hotte (613) 992-6720.
